Health Department Hosts Meetings on Cedar and Deep Lakes in Lake Villa

In 2000, the Lake County Board authorized an appropriation of funds to expand the program of the Lakes Management Unit of the Lake County Health Department. Since this appropriation, the Lakes Management Unit now collects data from 32 Lake County inland lakes per year, which includes water quality, shoreline condition, and wildlife species.

This year the Unit will be gathering information from Cedar and Deep lakes in Lake Villa. Lakes Management Unit staff will host meetings concerning Cedar Lake and Deep Lake to discuss their work and to ask residents for their concerns about the lakes. The meeting for Cedar Lake will be held Tuesday, June 24, at 7:00 p.m. at the Lake Villa Township Hall, 37908 N. Fairfield Road in Lake Villa. The meeting for Deep Lake will be held Wednesday, June 25, at 7:00 p.m. at the same location. For more information, please contact Mary Colwell at: (847) 377-8009.
